

## Helping Make Australia Safer

ADT's Integrated Systems team is addressing today's risks.

Here in Australia and across the globe, ADT is applying advanced technologies to help secure key critical infrastructure.

ADT's Integrated Systems team will help address your organisation's threats and vulnerabilities and provide a uniquely designed solution to meet your specific needs. Complying with global and local industry standards, ADT's Integrated Systems team will plan, install, integrate and maintain your security system to help protect your key assets.

With over 130 years experience globally, ADT is the world's largest provider of electronic security solutions.

In an age of uncertainty, ADT is **Always There**.
